The Prix Galien is a welcome initiative to stimulate creative research and promote excellence.

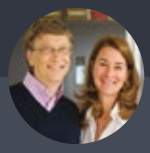
- Barack Obama, 2008

I am particularly grateful to receive this award.

- Bill Clinton, 2010

I welcome you to the annual Prix Galien awards for innovative excellence in biomedical products and health technologies. The awards are among the highest honors in science and commerce.

- Jimmy Carter, 2017



The Prix Galien Awards are a true celebration of the years of hard work that are required to produce life-changing interventions.

- Bill & Melinda Gates, 2018

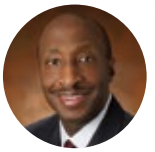
PREVIOUS PRIX GALIEN USA AWARD WINNERS

"What an amazing recognition for our global team, who have spent decades developing and distributing this vaccine. Congratulations."

Albert Bourla
Chairman and CEO - Pfizer

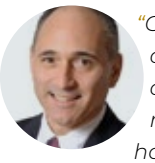


"Merck's mission is to translate science into medically important products that positively impact humanity, so it is natural for us to support the Prix Galien, since it supports exactly that."

Kenneth C. Frazier
Chaiman, CEO and President Merck

"The Galien Foundation brings together the top scientists in the world. You have Nobel Laureates across the spectrum of scientific disciplines meeting and talking with members of the pharmaceutical industry to see what's going on at the cutting edge, because ultimately that's going to benefit patients."

William Hait, MD, PhD
Global Head, Research & Development
Janssen, Pharmaceutical Companies of Johnson & Johnson



"Our Prix Galien USA awards [for Cosentyx and Gleevec]... represent years of hard work by our scientists. These wins underscore our commitment to addressing the unmet medical needs of patients through science-based innovation."

Joseph Jimenez
CEO Novartis

AWARD
FOR GLOBAL HEALTH EQUITY

OCTOBER 26, 2023 / AMERICAN MUSEUM OF NATURAL HISTORY, NYC

AND THE 2023 WINNER IS?

PRIX GALIEN HALL OF FAME

SINCE 1970

The Prix Galien Award recognizes outstanding achievements in improving the global human condition through the development of innovative drugs and other treatments.

The Prix Galien was created in 1970 in honor of Galien, the father of medical science and modern pharmacology.

Worldwide, the Prix Galien is regarded as the equivalent of the Nobel Prize in biopharmaceutical research.
